

Help reduce CATalytic converter theft:

- Don't park your car/van half on the pavement as it makes it easier for the thieves to get underneath it.
- Park in a well lit area and in a secure compound if possible.
- Consider property marking your 'CAT'. It is cheap and may reduce your insurance. Your local crime prevention officer should be able to assist.

An example of a marked CAT.

- A sign in your window saying your 'CAT' has been marked may well deter thieves.
