RESPONSE - Following enquiries conducted by Bedfordshire Police and their crime recording systems within the Force please see our response on the document marked as **Annex A – FOI2019 05369**.

Bedfordshire Police made a significant investment in a new ICT system, Athena, in May 2018, when fully implemented, will help keep Bedfordshire safe, bring more offenders to justice and improve outcomes for victims. Updating our ICT was absolutely necessary to ensure Bedfordshire Police remains as effective and efficient as possible. The public should be reassured crime continues to be reported and investigated as normal but whilst colleagues become more comfortable and familiar with how Athena works Bedfordshire Police has some concerns around data quality for which reason some of the data provided concerning events recorded after 23 May 2018, may include some inaccuracies. We apologise for the situation and are working to resolve it as soon as possible.

The numerical data presented in this response is an un-audited snapshot of un-published data sourced from "live" systems and is subject to the interpretation of the original request by the individual extracting the data.

Should you have any further enquiries concerning this matter please do not hesitate to contact me quoting the above reference number.

Yours sincerely
